

FARM WALK

Weds, 7th Oct 26 | 11am

BREEDING HARD WORKING COWS THAT LAST

Consistent, immaculate and high-performing are all words that spring to mind when describing Bilsrow Holsteins. With a relentless drive for efficiency, genetic excellence and exceptional herd health, James Tomlinson shows us round his 450 pedigree Holsteins aiming for that optimal balance of milk output, type and longevity. Vet led workshops on milking heifer performance and the Big Calf Project.

Two course hot lunch.

**Tomlinson Bilsrow Ltd.
Bilsborrow Hall Farm, PR3 0RP**

EVENING MEETING

Weds, 18th Nov 26 | 7pm

AI IN THE DAIRY INDUSTRY - WHERE WILL WE BE IN 5 YRS?

Artificial intelligence is transforming industries across the world – but what does it mean for the dairy sector, and could it benefit your farm? Stuart MacLennan (CEO Peacock Technology) takes us through what AI solutions and innovative automations are already making a difference on farms today and what's in the pipeline. AI and tech filled trade stand area to include CattleEye, Hoofcount's Pedivue and much more!

Two course hot supper.

**Cross Keys Inn
Whitechapel, PR3 2EP**

COACH TRIP

Weds, 3rd Feb 27 | 8.30am

This year our coach heads north to Stowbeck Holsteins, Penrith where well-known pedigree Holstein breeder, Len Wilson, shows us round his herd of 450 milkers bred to combine longevity, high production and strong conformation. Following the usual pub lunch and beer or two, we head to Troutbeck Ayrshires by kind permission of the Mattinson family. Known for embracing new technology, their purpose-built dairy unit includes one of the UK's first Trioliet robotic feeding systems.

Pub lunch and a beer or two!

**Set off from Oakhill Farm Vets
Goosnargh, PR3 2JQ**

FARM WALK

Weds, 10th Mar 27 | 11am

MAKING EXISTING FARM BUILDINGS WORK SMARTER

Originally milking through both robots and parlour, Dan Ashworth shows how upgrading an old lows shed to successfully retrofit a third Lely robot resulted in a herd wide 6L per cow daily uplift. Always looking to adapt, improve and future-proof, we learn how this family-run, flying herd has diversified and what's next on the conversion list. Workshops on CowSignals®, the 'Vital 90' and plenty of red robotics on show!

Two course hot lunch.

**M D B & J Ashworth, Fishes and
